

## **IDESS Maritime Centre (Subic) Inc.**

### **Tropical Helicopter Underwater Escape Training with Emergency Breathing System Course**

#### **Description:**

The course is designed for personnel who may travel to offshore installations or ships by helicopter in warm (tropical) waters and may be using an Emergency Breathing System.

#### **Objectives:**

Delegates who successfully complete the course will be able to demonstrate escaping from a helicopter simulator under various types of emergencies both with and without the use of an Emergency Breathing System (EBS).

#### **Course Outline:**

- Helicopter Safety and Escape
- Emergency Breathing System (EBS)

#### **Entry Standards:**

Trainees shall be medically fit for physical training.

Minimum number of participants is one (1) and maximum is sixteen (16).

#### **Certification:**

A certificate of successful completion shall be issued to those participants who successfully complete the course and meet the assessment criteria. The certificate is valid for four years.

#### **Accreditation:**

OPITO Approved

#### **Duration:**

1 Day
